

Helping People
Measure, Control & Calibrate

Value Added

- ✓ NIST Traceable
- ✓ ISO/IEC 17025 Accredited & ISO 9001 Certified
- ✓ Fast Turnaround Including Expedited 24-Hour Service
- ✓ Free Local Pickup & Delivery

Additional Services

Calibration Reminders - Receive automated calibration notices

FLW CalSoft - Free online portal to access your calibration history

Field Service - Onsite calibration provided for most instrumentation

Temperature Uniformity Surveys
Ovens surveyed in conformance with latest revision of AMS2750

Areas of Expertise

Pressure*

- Pressure Gauges
- Transducers
- Vacuum / Compound Gauges
- Manometers / Low Pressure

Temperature / RH*

- Glass / Bimetal / Digital Thermometers
- Thermocouples / RTDs
- Ovens / Furnaces
- Dataloggers & Validators
- Controllers / Indicators

Dimensional

- Calipers
- Micrometers
- Dial & Test Indicators
- Depth Gauges
- Height Gauges

Electronics

- Digital / Analog Multimeters*
- Power Supplies*
- Hipot / Insulation Testers
- Oscilloscopes
- Function / Frequency Generators
- AC/DC Voly & Current Calibrators

New Disciplines

- Torque Tooling Up to 1000 ft-lbs
- Gas Flow Calibration
